Student Instruction

The Learning and Study Strategies Inventory (LASSI) is designed to help you think about learning and study practices and attitudes. Different statements will be presented that relate to your knowledge of these areas. If you are ready to begin, locate the following URL with your web browser:

http://www.hhpubco.com/lassi/

This URL will direct you to a web page that contains directions for taking the LASSI. After you have read these directions, you must enter your school number to continue. Your school number is listed below along with your user name and password.

School Number: 72537
User Name: auwv
User Password: kyr8g

After entering the information, the next screen to appear requires you to enter your first and last name in the spaces provided for the page to be submitted correctly. The ID and E-mail fields are optional. The next screen to appear will be the LASSI assessment.

You will be asked to respond to 80 statements. To help you decide which responses to select, we would like to explain what is meant by each option.

- By Not at all typical of me, we do not necessarily mean that the statement would never describe you, but it would be true of you in rare instances.
- By Not very typical of me, we mean that the statement generally would not be true of you.
- By Somewhat typical of me, we mean that the statement would be true of you about half of the time.
- By Fairly typical of me, we mean that the statement would generally be true of you.
- By Very much typical of me, we do not necessarily mean that the statement would always describe you, but that it would be true of you almost all the time.

After completing all the items and successfully submitting the results, a two-page report will be displayed listing your scores for each scale, together with your name, institution, date of administration, and an explanation of your results. You may print a copy of the results for your records.
